Ryan,
Thanks for sharing. This is the first I have heard of this possible re-oiling event. (I am copying EPA and F&W too). Have we sent a SCAT team? We do need to stay on top of this.

Lanny and Jennifer,

Has this information been passed to you?

Respectfully,

Ryan Andersen

Good afternoon Ryan and Patrick,

John Storrer notified us that there seems to be significant re-oiling (oozing from the cliff?) at section, which is oozing out onto the fresh cobble there. Do you know the status out there, or if there are plans to go out there?

Thanks,

Bob
